

Lichfield Society of Artists Member Profile

Name: Ilkay King

Interest: Exploring texture and colour through various techniques and media. I'm fascinated by how they create depth and evoke different emotions. I take inspiration from nature and observed colour combinations.

Background: A self-taught artist, I started my artistic journey in early 2024 with acrylic paint and texture art. I'm now experimenting with different techniques, driven by curiosity and a passion for mixed media and textured art.
